

Hollymatic R2200 Portioning Machine

TABLE TOP MODEL

The Hollymatic Self-Feeding Model R2200 is the ideal solution for many small to medium size establishments.

A multitude of various products including seasoned mixtures can be formed and portioned into many different shapes and sizes, including nuggets.

Hollymatic®

FOOD PROCESSING EQUIPMENT SINCE 1937

SIMPLE AND SMOOTH OPERATION

Simplicity is the strength of the R2200 system.

Suited to a variety of mixtures of numerous textures and consistencies, the R2200 uses synchronized paddles to gently press mixture into the required form shape.

Assisted by the wire drum scraper, the formed product is then smoothly ejected and interleaved with paper onto the conveyor, presenting it for packaging or additional processing.

Portion Size: 1/2 oz. – 10 oz. (adjustable)
3/4" – 4.7" dia. (per drum)
3/16" – .95" thick (adjustable)

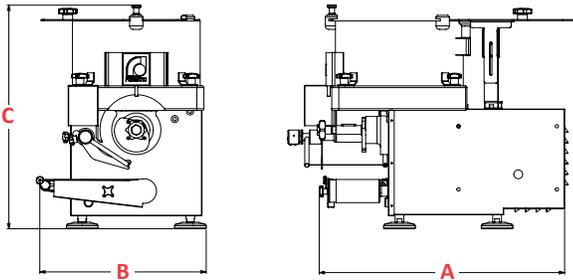

Portion Shape: Round, square, oval, rectangle, custom shape, and multiple portions/cycle (upon request)

Speed: 2200 portions/hour (variable)

Paper Feed: Automatic

Conveyor: 13" fabric (standard)
